Policies:

[USB keys contain one copy \(license\) of software per key](#)

2nd copy (license) is 80% of full price if you purchase them at the same time. If you buy a 2nd copy at a different time, you need to pay the full price.

All software includes one year of free technical support.

If the USB key is damaged, the user needs to send the damaged key back for a replacement key.

The cost of replacing a key is free within 6 months of purchase. After 6 months, the replacement key is \$100.

If the USB key is lost, Civiltech Software will not be held responsible. If the user has business insurance, the insurance may cover the loss of the key.
